120cm	£9,450	£14,265	£15,770

Please contact us if you are interested in a larger size.

The bronze and stainless steel armillary spheres include an arrow head & tail and tropic & polar circles as standard.

These features are extra on the brass armillary spheres.

Tropic and polar rings £785

Arrow head and tail £150

Calendar £715

Armillary spheres can also have a calendar feature added to the meridian band.

Cascade - Water Feature

Our stainless steel rotating water feature has been designed & crafted by Capel as a stand alone sculpture or to compliment our Armillary Spheres. The guide price is £9,950.

Vertical Sundials

Vertical sundials are all totally individual and have a guide price from £2,475 depending on the size, material and amount of decoration and gold leaf. Please contact us to discuss your project.

All prices include all decoration and delivery within the UK. If installation or a pre sale site visit is required there may be a small charge.

Site visit: I do not usually charge for site visits, however occasionally, if you are very far away, or if you need a visit at a specific time, I may charge an upfront fee to cover my time out of the workshop. This fee would be refundable against your commission of an armillary or vertical dial.

Installation starting from: £350
